Godfrey Williams	H.S. Math teacher
Farid Wissa	Business Manager
Judy Wissa	Kindergarten teacher
Don Ytzen	5th Grade teacher
Zarifa Zaghloul	Personnel Director
Pamela Sparrow	Fairhaven Office Manager

Jim & Vicky Philips, Teresa and Rachel W-K Trailer Ct. 20, Star Route 2 West, Rock Springs, WY 82901 Schutz-ites -- I just received the Schutz Newsletter and decided I'd better send in my ten cents worth. Looking down the list of names, familiar and unfamiliar, it brought back some old and warm memories. Life in Rock Springs has settled down to a dull roar. I'm kept busy with American Tank & Steel where I serve as Sales and Service Rep. With new fields opening up, it keeps me hopping. Our church has just approved an extensive building program so I know where most of my spare time will be spent as a trustee and a member of the Long Range Planning Committee. The Lord has greatly blessed our ministry. When we first formed in 1974 with 6 families, our membership has now grown to 81 members not including the 24 that have moved away due to job transfers. Out two children, Teresa 7 and Rachel 3 are a handful and a blessing. In Feb. 1980 we were able to adopt Teresa after having her in our home under a Foster child program for 3½ years. We are truly thankful for the addition she is to our family. I was so proud of her when she came home from school with the news that she had presented the plan of Salvation to a friend of hers and she had accepted Jesus. How true it is that a little child shall lead them. It has been good to hear from all of you.

Dr. Mary Smith, North Bend, Nebr 68649 November 1980 marked the end of my third year of retirement & the beginning of the 4th. They have been three very happy years filled with deep rich blessings poured out so abundantly by our Lord of Love. Mother continues to be so very well and we enjoy being together so very much. Our little immediate family circle here consists of the two of us, Mother's sister who was 90 in Feb. and her husband. One of the very specials of 1980 was my sister Ellen's 3 weeks with us in April & May which coincided with the 45th anniversary of our graduation from Tarkio College. Another time-maker for me was the centennial celebration in June of the little Danish Church in central Nebraska where my father grew up and where I'd sat through long Danish sermons as a little girl. Another great experience was being at the New Wilmington Missionary Conference for its 75th Anniversary. Lois Haspels and her brother-in-law drove taking Daisy Russell and me along which made it even more extra special. The Conference was tremendous and I never cease to thrill at the hundreds of young folks who come because they are seeking to know our Lord more deeply and intimately. 2/'81 Thank you so very much for sending the Schutz newsletter. I have so much appreciated getting caught up on a lot of folks of whom I've not heard for a very long time. Someone mentioned having lost track of Chloe Swart Young. She and Mark & family are now in Saudi Arabia. Dr. & Mrs. Mark Young, Box 9021, Dhahran, Saudi Arabia. My sister Ellen's address: Mrs. A. B. Theobald, 449 Uppingham Rd., Leicester, LE5-6RA, England and Lovina Rivington Matson - Mrs. L. C. Matson, 77 Hillside Ave., Canterbury, Kent CT2 8HA Eng.

Barbara (Philips) & Donald Caywood, Box 252, 230 N. Jones, Sterling, KS 67579
Yes, we would definitely like to be kept on the mailing list for Schutz news.

John & Gwen Haspels, Desta, Charles, Jon Jon May 20, 1981 Since leaving Ethiopia in 1977, we have sensed a call from God to work in the Boma Plateau region of Southern Sudan. We wrote to as many organizations we could think of who were involved in work in Sudan. At that time all doors seemed to close. God knew that we needed two years in the pastorate in Halstead, KS. Since that time the doors have opened, and following a year of language study in Pibor, we finally arrived in Boma. This week we are expecting John Propst of AIM in Kenya to join us in the building our house. We are presently living in a small house with a zinc roof and grass walls. We feel God has allowed us to live very simply in order to bridge the gap between us and the people here. We are thankful, too, for Monty Parr who has joined us in the building program here. He will be joined by Mary, his wife, this month after the graduation of Sally. When we arrived, there was no government medical worker resident in Boma. Gwen opened a clinic under a tree each afternoon after teaching the children in the morning. She found that the work almost overwhelmed her with 70-90 people each afternoon. We are thankful that the government worker has now arrived & assumed most of the work. Even though there are crying needs all around us, there is one need which transcends all the others, the need to know Jesus Christ and His saving power and love. An evangelist from the Presbyterian Church in Sudan (PCIS) has joined us in the work here. December is to be our vacation month but I am willing to do speaking where it doesn't take me from home. Home will likely be Halstead, KS. Any PCUS churches out there? We would sure like to get to know more of you folks. **!!!!EXTRA COMMITMENT GIVING!!!!** The work in Boma and hopefully in other areas of Jonglei Province in South Sudan has been recognized as an Extra Commitment Giving Project. The project title is: Sudan: Jonglei Province Evangelism and Development. Individuals and Churches who would like to contribute to this project and receive credit in General Assembly statistics are encouraged to write to: Extra Commitment, 923 Interchurch Center, 475 Riverside Drive, New York, N.Y. 10115 When you write ask for the profile sheet on this project for more information. The total amount needed for the next 3 years will be \$30,000. Let me assure you that this is a very worthwhile investment in pioneer evangelism, church planting, refugee work, development, etc. You too can join us in going through the open door mentioned in Rev. 3:8.

Margaret Ray, 377 S. Curson Ave., Los Angeles, CA 90036 Though I was at Schutz only four years and know personally only a small fraction of Schutzites, I find I can place names of many former students. Maybe because as counselor, I handled so many cumulative cards. In any case, it is inspiring to read about the tremendous dedication that Schutz probably help to foster among its students. I do want to continue to get news from Schutz.
