We are sad to report the death of Charles Hoffmeier on June 23, 1991, father of Jim, Sharon, and Mary Lou. Vivian's address is 1001 E Oregon RD, Lititz, PA 17543

And the death of Elsa Smith on August 9, 1991. Elsa was an elementary teacher at Schutz 1966-1967 and 1968-1970. Wayne Smith taught high school social studies. Children Chad, Heidi, Brenda & Elva. Wayne's address 1220 East Hamlet, PO Box 148, Othello, WA 99344. Memorial are suggested to the Othello Christian Church Organ Fund, PO Box 4432, Othello or Gideons PO Box 631 Moses Lake, 98837 or American Cancer Soc.

Thanks for the following who have made a contribution to ongoing Schutz newsletter/reunion expenses:
Ruby Gilliland, Mary W. Sage, Norma Insley, Jeanette Baird DeVault, Peg McKnight Weymer, Mrs. Kachner, Ron Pollock, Sharon Hoffmeier Garber, Vivian Hoffmeier, Marge Dye, Carolyn (Kraft) & Bill Pollock, Ginny Pollock, Madeline Daugherty, Marian Farquhar, Martha Biedler, Ada Margaret Hutchison, Annette Tanious, Hetty Girgis, Ruby Gilliland Chuck Watkins, Norma Insley, Jeanette DeVault, George Meloy, Kenneth Bailey, Marge Hohenhouse, Sara Baker
Please forgive me if I have overlooked any contributor - particularly those who handed me donations at the reunion.

Thanks to Brad Watkins for arranging and handling the cost of the shelter in New Wilmington Park where the reunion is held.

Ellen Turnbull, 323 Center St., Berea, KY 40403 7/91 I talked with Barbara Whitcomb Elwood last evening. She sounded more full of pep than as a teen ager. But we will not be getting to the Schutz reunion this year. Hope you all have a great time.

Ruby Gilliland, 106 Pine Ave., Mark Kennedy Park, St. Clairsville, OH 43950 7/91 I do enjoy the letters. Matt and I were the first resident missionaries in Malakal, Sudan, so many of the kids from South Sudan stopped with us on their way to and from school. I spent 5 months in Addis Ababa in 1988 so it was nice to renew the feeling.

Mrs. Kachner 7/91 Tod Harold Kachner was a student from Tarkio College in 1966-67. He is back in Georgia from Operation Desert Storm, where he operated the Satellite Communication system. He is in the 24th Infantry at Fort Stewart. New address: Tod & Kyong Suk Kachner, 631 Windhaven Dr., Hinesville, GA 31313 They have 3 children, Sara, Erica, and David.

Peg Weymer, 249 DeVore Dr Meadville PA 16335 7/91 I thought this would be the year that my sister Rebecca and I would come to the reunion,, but Rebecca and her husband are in Ireland and my husband Hank is still recovering from an aneurism of the aorta which happened early in January. One item of interest, a small group of women in Meadville are hoping to receive grant money from either the PA Council of the Arts or the National Endowment for humanities to start an antique quilt documentation and survey in North West PA.

Jeanette Baird, 1206 Northwood North, Champaign, IL 61821 8/91 I had a wonderful time last summer, 1990, at the Schutz Reunion, rooming with Helen Walker, sister of Bob Walker, who was in my class at Schutz. It was great meeting Mac Roy and his wife, as well as Willis McGill, and Bob Meloy. I was born in Egypt in 1913 and my father, Wallace Baird, was drowned in the Mediterranean Sea Aug. 7, 1926, trying to save my life and Jane Thompson's. Willis & Lois McGill's father was also drowned at the same time. It was great to read the July 1991 newsletter and see news from the Paul McClanahan family, Martha Roy, Ellen Smith Theobald, as well as the McFeeter girls, the McLaughlins and Mary and Jane Thompson. I was glad to read the 5 paragraphs about Martha Roy, especially the Letter of Appreciation from Anwar Sadat, Congratulations and Best Wishes to Roger Frost on becoming the new headmaster of the Schutz American School. I want to mention my three brothers: Bill Baird died of a heart attack several years ago in Tryon, N.C. My second brother Kenneth, with his wife Sally lives in Longboat Key, FL. Ken has Alzheimers. Donald, my third brother and his wife, Elaine, live in Sun City West, Arizona. They have 3 sons. Don is an oil-geologist. My husband, Don, died suddenly of a stroke Nov. 26, 1990. He was 74 - an excellent bio-physicist and a strong pacifist who spent several years in prison as a conscientious objector during World War II. Our daughter lives and works in Philadelphia. I am still working as a volunteer at the Women's Emergency Shelter, a home for homeless women and children. I'd love a visit or a phone call from any of you. My number is (217) 352-6349
Norma Insley, Box 42, Shoshone, CA 92384 (619) 852-4532 Shoshone is one of the gateways to Death Valley and we have an influx of tourists through here this summer, over 75% of them European. I work as a volunteer in the ranger station giving information on Death Valley. The Europeans come because they have heard and read so much about the area and they are curious about deserts.

Congratulations to John Lash Meloy and Mary Clare Leader who were married Saturday, August 10, 1991 in Bethesda, MD. Address 1418 East Hyde Park Boulevard, Apt. 204, Chicago, IL 60615

Congratulations to William Kelly Pollock P.E. 1990 Engineer of the Year.

*Position: Founder & president of Optimization Technology Inc.
*Honor: Named Engineer of the Year by Rochester Engineering Society

*Born: 42 years ago to missionary parents in Sudan in Africa

*Educated: Elementary and high school in Alexandria, Egypt
engineering degree from Rensseler Polytechnic

*Career: High school teacher for two years in Egypt; process control engineer for Eastman Kodak Co. for 12 years
headed Optimization Technology for 6 years. Meanwhile, taught at jState University College at Alfred for 4 years.

*Home: An underground house of his own design in the town of Granger, Allegany County. The house built into the side of a hill with windows facing south, makes use of solar energy, heat pumps, a windmill-powered water pump and composting toilet
The only fuel he needs for heating is \$100 worth of fire wood each winter.

*Family: Wife, Caroly, and daughters 17 and 15

*Civic Activities: Member of Keshequa School Board

*Sports: Member of cross-country & track team while an RPI student; enthusiastic jogger.

*Quote: "Good management is hiring good people ...Anything I can dream up, the guys here can do."

Haspels, John & Gwen % ACROSS P.O. Box 44, Nairobi, Kenya June 24 ISAIAH 40:3-5.. "Make straight in the wildrness a highway for our God. Every valley shall be raised up, every mountain and hill made low.. and the glory of the Lord will b revealed." John can vouch for those valleys and hills, havin completed 70 kilometers in two weeks with the bulldozer clearing the road from Dima to Tum and on to Maji.

July 22, 1991 On May 21, President Mengistu fled Ethiopia. Gwen & Heather were in Addis at the time and John was in Tum Unable to fly intoTUM and with growing lawlessness in Addis and throughout the country, Gwen & Heather left for Nairobi on the 24th. Before the end of the month, the combined rebe forces marched into Addis with little resistance. All communications withJohn in Tum were cut off. With the collapse of law and order, John knew that the fuel stored in the Dima refugee camp for the bulldozer would very likely be looted. He sent the tractor back to Dima on the 30th of May to collect as much fuel as possible. 7 Kilometers before Dima, the tractor and crew were captured by the Sudan People Liberation Army who demanded the whereabouts of the bulldozer. The tractor driver was warned by an Ethiopian guide that ourfuel in Dima has already been taken and that they intende to take our tractor as well. Stephanos, the tractor driver, pretended to be very cooperative and volunteered to takethem to the bulldozer. Stephanos knew that just a few kilometers back down the road were two washouts on the road which the SPLA truck could not cross. Stephanos crossed the two washouts with the tractor and just kept on going at full speed, leaving the truck load of soldiers behind. Even though we lost our fuel, a tent, some tractor equipment and pipe stored at Dima camp, we were thankful that the bulldozer, tractor and pickup were spared. The UN compound in Mizan was also looted and the road back to Dima mined by the SPLA. The team in Tum also faced a possible threat from soldiers retreating to the Kenya border. The neighboring Teshena tribe began robbing and killing on the road to Shoa Ghimeera. It wasn't till the 29th of June, almost a month since the fall of Addis Ababa, that soldiers from the new government finally arrived in Tum, establishing some kind of order. Former government officials were arrested but later released when no charges were brought against them by the people. When it became clear that Ethiopian Airlines would not restore service to Tum immediately, John was forced to walk out. Our new road through Dima was stillj closed because the mines had not been cleared. The Teshena chief had brought the banditry along the Shoa Ghimeera road under control. Thus on the 6th of July, John began his three-day walk out of Tum. On the 9th, John was met by Mark Rasmusse in Shoa Ghimeera and driven to Addis. Gwen and the family had no idea where John was and what had happened since they left Addis on the 31st of May. It was a welcome relief to them tohear him on the phone when he arrived in Addis on the 10th. John then travelled to Nairobi to be with them for tw weeks before flying back with the boys to Addis for their summer break. A special thanks to all of you who were praying uring this time. We stillmarvel at God's goodness and protection. We praise God for a smooth transition of government and ask that you continue to pray for peace as th various factions work out the transition to a democratic for of government. Although the road project has been set back with the looting of the fuel, we still continue to praise Go for the use of the UN bulldozer and for almost 50 miles of completed road. Pray that our fuel stocks will be replenished and that the Dima road will be soon cleared of mines. We are thankful too, for the two containers containing a Unimog, two motorcycles and assorted medical an building materials, which arrived safely in Djibuti. Becaus of a delay in shipping from the States, the containers were not in Assab as intended when it fell but diverted to Djibuti, thus saving them from being looted.

Fred & Margie (Anderson) Stock Christian Hospital, Kunri, District Tharparkar, Sindh 69160, Pakistan 9/91 Because Japanese and Chinese engineers were kidnapped in our provinc of Sind, allforeigners must have police protection whenever they leave their homes. Two U.S. missionaries are also being held hostage near the Afghan-Pakistan border. Pray for their release. One is JoelDeHart who grew up with our sons. This restricts us from our usual village work. Bandits also terrorize the area adjoining us. They demand large bribes from landholders. If money is not given they rob, burn and kill the helpless tenants who work their fields. Many of these have escaped, to resettle in our district. Luchman's (a 4 years old) routine bladder stone operation resulted in a nightmare of months of pain and infection as his tubes blocked up and his stitches broke loose. Medical personnel and all who prayed daily for him were distressed as we watched him weaken until we despaired of his life. His illness kept his parents in Kunri for 4 months. Relatives came by turn for short visits during which they heard of Jesus and the seed took root. Suddenly the boy passed a large stone that had blocked his tubes. His eyes sparkled at health returned. Those four "fruitless" months of illness were used by God to bring an extended family to vibrant faith.

Val Swart Powell, 2425 Sierra Dr., Zeeland, MI 49464

10/91 It has been a while since I've written, hasn't it!! I sure do enjoy the Schutz newsletter and find there sure are a lot of folks I don't even know. My years at Schutz '59-'66: are filled with many good memories. I can honestly say that my high school years at Schutz were great. Might not have always thought so at the time, but in looking back they were good years -- the teachers, the students, and the many varied opportunities we had.

Kenneth E. Bailey, Box 2075, Nicosia, Cyprus 10/91 I have recently received a letter from a former Egyptian student of John Reed, who very much wants John's address so that he can be in contact with him again. We will be in New Wilmington June and July of next summer but may not be able to stay for conference. I am the Commencement speaker at Pittsburgh Seminary May 28 so will be in and out of Pittsburgh.

Gertrude Whitted 701 Daknoll Drive, Iowa City, IA 52240 Phone (319) 351-1720 10/91 I have moved into a Life-Care facility where I can have a small apartment and then care when needed. I'm real enthusiastic about it, for there are all the perks that go with this type of living -- grocery delivery, transportation to appointments, and a nice dining room for "eating out." At present I'm not very mobile and use the wheelchair and walker. However, I feel fine. I can still do my own cooking and kitchen work and so long as I can do that I'll be happy!

Dave, Fran, Kami, Kristina Kaleb (Kari) Jordan Box 11 Thung Chang, Nan, Thailand 11/91 Thailand is quickly moving from a "developing country" to a "newly industrialized nation." Changes are filtering down to even the little tribal villages. We live just several hundred yards from a highway, our village is by no means isolated in the jungle! Here's a variety of things you would find in the village today. About a fourth of the houses now are wired for electricity -- often just a couple of light bulbs and one outlet for a tape player or radio. Infant mortality, almost 50 percent when we first arrived, is now rare. Almost every village baby is born at the nearby hospital, and most mothers have tubal ligations after two children -- successfully encouraged by the government. Wood houses on cement posts with metal roofs are slowly replacing the traditional bamboo houses with grass roofs. TV has come to our village. Now that a re-lay has been put in close by, two channels come in clearly and TV's in the village will continue to increase. Here at the Jordan's we now can see weekday NBC evening news straight from the U.S.! Still no phone though! sniff Pray for good Prai helpers to check and polish the translated chapters, for team working together well, for language fluency, and for Eshy's sister E-Me; her brother-in-law, Bamai, and her mother to clearly understand salvation by faith in Jesus Christ.

Glenys Williams C/O I.S.T. P.O. Box 2651 Dar Es Salaam, Tanzania 9/91 I write as Schutz springs to mind -- I still miss the old place, you know, although IST was a good move for me -- 4 years now!

Mary Ozzello, American Embassy, P. O. Box 4009, Abu Dhabi, U.A.E. 8/91 I know I haven't written -- we lost all of our furniture and had to get settled here. Its very very HOT!!! I work at the embassy in GSO Supply -- which means I give out supplies and put furniture in/out of houses that people are moving in/out of, and work part time at the switchboard.

Dean Kern, American Int'l School, Apartado 10, Carnaxide-2795 Linda-a-Velha, Portugal It was a great year and a half living in Antwerp, Belgium .. minus the rain that is. I taught sixth grade, chaired the school's accreditation self-study, coached 12 yth. old basketball, and high school girl's softball and managed to slip out of town on the holidays and head for the Alps to get some skiing in. I've accepted the position of assistant principal for the middle school/high school section of the American International School in Lisbon. It's a school of 450 students, K-12, located 20 minutes down the coast from the main city.

Tom McCulloch, 6 Empress Rd, Lahore 54000, Pakistan 9/91 I am please to announce that I am going to marry a Scottish girl, Lesley Deans, on Jan. 11, 1992 in the church where her mother and father were married and where she was christened. In Nov. I will be part of a delegation representing the Presbyterian Church (USA) as we mutually discuss some very crucial matters with the two sister churches we relate to. We hope to work out how we can best move ahead to strengthen our ties as well as strengthen each other. Please pray for this group of church leaders as we grapple with the issues before us.

Marge Jaspers Hohenhaus, D-3050 Wunstorf, An der Nonnenwiese, Germany 7/91 Hello all Schutz friends. I hope you are all having a good reunion! Jean Jordan Byer & family were here in June -- the 4th year in a row that we have had a "mini-reunion" here. Our school year ended at 10:30 AM July 3rd this year. But this time I'm not saying "and we begin again in 6 weeks" because I am retiring. People have all kinds of suggestions about what I can do now, my grandson comes 1 afternoon a week till about 7:30 pm, etc. so I'm sure there will not be problems about getting bored. And, I plan on coming to Iowa in Sept. My two sons want to come with me for a visit. I will stay the longest -- till mid Nov. My sons would like to see the Grand Canyon.

11/91 The trip my sons and I had to the southwestern states with my cousin was wonderful. We visited Margaret Phillips Cheesebro and today I am awaiting the arrival of Jeannie Jordan Byers. Thanks loads and loads for the Schutz letter. Had it not been for that, I'd not have had contact with or seen so many "Schutzites" over the years.

Janie Walters, Schutz School, Alexandria, Egypt 10/91 Greg Walters (class of 1985) PCT, P. O. Box 6862, Windhoek, Namibia 9000, Southern Africa. Greg has just received word that he has been accepted as a Peace Corp volunteer in Namibia. In case you can't find it on your map, look at the Southwest corner of Africa. (Namibia became independent in March, 1990) Greg will be teaching high school math there for two years, leaving the States on November 12th. Dawn Walters (class of 1988) Box 5492, 701 Warren Wilson RD, Swannanoa NC 28778-2099. Dawn is taking education courses to become a middle school math teacher. Obviously there is a heavy father influence at work with the Walters kids! Dawn is also on the basketball team, having cultivated a love for the sport when she was a high schooler at Schutz. This year's visit to Egypt at Christmas will be shorter than usual since the basketball season claims some of the Christmas break.

SCHUTZ SCHOOL NEWS

October 1991

This week marks the end of the first quarter of the 1991-1992 school year at Schutz. The weather is beautiful in Alexandria and though it doesn't smell like fall, the spirit of Halloween is in the air. The annual carnival will be held on November 1st and if you've been to Schutz during the last ten years or so, you know that there is no other social event that excites the kids more.

Enrollment is presently at 161 students. There are 32 nationalities (The Flag Hall looks wonderful!) Forty nine students have U.S. passports; 35 are Egyptians and the next largest group is Syrian with 7 students. Ten countries have a single representative, like Argentina, Austria, Norway, Thailand, etc. Discipline problems are few and far between and the feeling overall is that we have a terrific bunch of students.

The staff is remaining cheerful and dedicated through the accreditation process this year. The school has switched agencies from Middle States to the European Council of International Schools. The format for the writing is a bit different but the real purpose, which is the self-study, is much the same. Due-dates/deadlines keep everyone operating much like a well-regulated classroom.

Schutz has a few changes on the campus, though you can still easily recognize the place once you walk in the gate. The most startling difference is the absence of the canteen which has been moved to where the Arabic Room used to be. Before that it was the Ping Pong Room and way before that, it was a patch of grass where Max, the turtle, used to roam. The shop has been renovated; the dining room has new decor; and the family room is now a conference room for the Board meetings and the Student Council.

The Pharos Campus (grades Pre K - 4th) has a wonderful, new principal, Lindsay McCord. The building has a beautiful old-fashioned charm, highlighted, naturally, with dozens of lively, exuberant youngsters.

The daily schedule has shifted to an earlier starting time to allow a new activity period at the end of the day, called 8th period. The activities range from sports of all kinds to science labs. School now begins at 8:15, has 3-minute passing periods, a shorter morning break and a 30-minute lunch time. It's a full and busy school day, and there are after-school activities as well.

We still have the easiest address in the world to remember -- Box 1000, Alexandria, Egypt. We'd love to hear from any of you, any time. Better yet, come visit us!

TAKEN FROM THE FALCON PRESS Issue No. 8 Oct. 2, 1991

Student Council News by Ivanna Vlodkova, grade 12
As you all may remember, last year the Student Council organized a drive for collecting donations for Earth Day. The information we were waiting for has arrived and the Student Council members decided to use \$15 of the money to adopt a whale. We will decide later what we will do with the rest of the money we raised. Some options are: Joining Greenpeace; adopting an animal in Durrell's zoo; buying an acre of rainforest in Hawaii or the Amazon. We will also try to find out if there is an environmental project in Egypt that we could join.

Halloween is coming up soon, and the Student Council will be organizing a dance, which we hope will be something special and different.

If you're interested in the details of the meetings, the Student Council Minutes are posted on the bulletin board on the second floor of Meloy Hall. If you have any concerns, ideas or suggestions, feel free to talk to any of the Student Council members.

The 1992 Schutz School Reunion will be on Sunday, August 2 in New Wilmington, PA. As announced in last December's newsletter, the following were suggested to coordinate class reunions. Jean Stultz will be happy to help with names and addresses on file or in any way she can assist as you plan the class reunion.

| | | |
|------|----------|--------------------|
| 1937 | 55 years | Betty Walker |
| 1942 | 50 years | Rosella Hutchison |
| 1947 | 45 years | Margaret Anderson |
| 1952 | 40 years | Evelyn Brown |
| 1957 | 35 years | John L. Anderson |
| 1962 | 30 years | Glenn Jamison |
| 1967 | 25 years | Agnes Moraitis |
| 1972 | 20 years | Mary Lou Hoffmeier |
| 1977 | 15 years | Rene Johnson |
| 1982 | 10 years | Mark Cataldo |

In 1993 we will hold the 30th annual Schutz reunion and the following classes will celebrate --

| | | |
|------|----------|----------------------------|
| 1938 | 55 years | |
| 1943 | 50 years | |
| 1948 | 45 years | any volunteers to |
| 1953 | 40 years | coordinate these reunions? |
| 1958 | 35 years | |
| 1963 | 30 years | |
| 1968 | 25 years | |
| 1973 | 20 years | |
| 1978 | 15 years | |
| 1983 | 10 years | |

Plans are being made for Schutz American School, Inc. Board of Directors meeting in Pittsburgh on Sunday, February 9, 1992. Roger Frost will be coming to the US to attend a conference and interview candidates for teaching positions and will be meeting with the board on that day.

Alice Meloy and Charlotte Weaver Gelzer are working hard on the historical account of Schutz. They appreciate the response received thus far and we urge those who haven't written to please take some time and respond. With the material already gathered and that which is now coming in this promises to be a wonderful record of Schutz. Please send your information to SCHUTZ QUESTIONNAIRE, 711 Ashbourne Ave., Lancaster, PA 17601.

Please don't assume we have all Schutz graduates on our mailing list. There are far too many to list those we are looking for -- it would be most helpful if one member of a family would write out names and addresses of all siblings and send them to Jean Stultz. And if you are in touch with classmates don't assume they are on the mail list and receiving the newsletter. Just send all current addresses of any Schutz related folks -- it also helps to include maiden names where appropriate.

The yearbooks on hand include May 1929, Fall 1929 and Fall 1936, 1955-56, 1956-57, 1957-58, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1969, 1970, 1971, 1971-72, 1974-75, 1975-76, 1977, 1978, 1979, 1980, 1980-81, 1981-82, 1982-83, 1984, 1985, 1986, 1987, 1989 -- any missing copies you would like to share, please mail to either Jean at 326 Lincoln Ave. address or to the Lancaster address.

FLASH *****

Talk about the Schutz Connection -- George Meloy reports today, November 30, 1991 on a reunion just held in Beijing, China. George & Mary Lou Meloy, Jack & Mary Lou Lorimer, and Teddy Tedford just returned from a trip to China. While there they met Dr. John West, a Schutz graduate, who is a member of the medical staff of Sino-German Polyclinic which serves the international community of Beijing and others in the area.

George also just received a letter from author Tatyana Tolstaya who reports her brother John, who attended Schutz in the 70's and her father are both well. Her father, Nikita Tolstoy, was with UNESCO in Alexandria in the 70's and his current address is KARPOVKA 13, Apt. 33, St. Petersburg 197022 Russia
