

Dear Schutzites All Everywhere:

You belong to a very exclusive club...

You are part of a long and wonderful heritage...

You are connected to a network of wonderfulness...

You know more about Alexandria, Egypt than Alexander knew...

But, what have you done with all that lately???

Now, listen up!!! This year on August 5 at New Wilmington, Penna. (one hour north of Pittsburgh) there is going to be a

SCHUTZ AMERICAN SCHOOL REUNION !!!!!!!

It is not limited to any class, year or group. There will be senior adults and babes in arms and you and yours are invited. Yes, this is an annual event, but we really want a huge gang of you (us) there to enjoy each other and celebrate this Schutzness which we have in common. So mark it down and y'all come. We can't wait to see you again.

Len Millison

The Pavilion at the New Wilmington Park is reserved -- a roof over our heads in case of rain, lots of picnic table space, water and electricity available. Pack a basket, phone an order to Kentucky Fried Chicken, or take pot luck. Pink lemonade and coffee will be provided. There is the public swim pool if you think the kids will be bored plus slide and play area. We gather about 12:30 p.m.

Motels in the area --

Permit No. 1158

It is rewarding to be on this end (the collection site) to receive responses and expressions of appreciation and to discover long lost Schutzites. Thanks to those who have sent address changes and new names to be listed. Please, if you move, remember to send your new address to Jean Stultz, % Schutz American School, 326 Lincoln Ave., Pgh., Pa. 15237. They are working at Schutz to computerize all students and staff on one complete list so one day we will have a real Schutz Directory.

Elizabeth J. (Grupp) El Itreby, 5645 North Glenwood, Chicago, ILL 60660 Feb. letter addressed to Schutz School, Tarkio College forwarded to George Meloy "I'd like to be on the mailing list for the Schutz Newsletter. Is one still circulated? I haven't received one since 1977. If the Newsletter is alive and well, perhaps you could advise to whom I should send an entry. If it is defunct, I'd be interested in working to revive it." March letter to Jean -- "Just a note to say hello and reconnect with the Schutz grapevine. Unfortunately the New Wilmington get-together conflicts with day 2 of a conference I'll be attending at Vassar. I'd hoped to be able to stop through the see if there were any faces from my years. Please say "hello" to any who'd remember me. By August, I hope to have defended my dissertation on the medieval English cycle dramas. These last have been the longest, most difficult, most sedentary, hard-working and isolated two years of my life. Dissertation fellowship checks should never be awarded in advance to people of an eclectic bent like me... we should get x dollars/page completed. Next year I'll be teaching literature at Loyola University on a one-year contract. After that, I suppose I'll drive a cab or write historical novels, as do other unemployed academics in the humanities. My home is open to any Schutzites passing through Chicato (except cat burglars and strawberry cheesecake eaters), and I'd love to hear news. Call (312) 989-0893 if you want an English teacher, or a conference paper (pre-modernism or post-modernism), or if you should be bored, or feeling nostalgic for your lost youth and innocence at Schutz."

Alfred R. Heasty, Juba, Sudan, % ACROSS Box 44838, Nairobi, Kenya - note address change - box number. Paul Grice visited Florence (Funk) Palmer in New Zealand & Mrs. Smith who were both teachers at Schutz and married Auzaes during WWII. He could give you their current addresses. He is also in contact with Lloyd Vandersall & Jim Shields who both attended Schutz.

Dr. & Mrs. Paul Grice, 4708 Girard, Muskogee, OK 74401 I have enjoyed receiving the Schutz newsletter and appreciate your sending it to me. I presume Florence & Evelyn would also enjoy getting some news of the old students even tho the years have reduced the old number to a very small part of the total Schutz family. I hope the enclosed check will help some in defraying your expenses. Lloyd Vandersall, 16500 Abbey Drive, Mitchelville, MD 21109, James C. Shields, 25 East 10th, New York, N.Y. 10003, Mrs. Stanley (Florence Funk) Palmer, P. O. Box 288, Whangarei, New Zealand, Mrs. Norman (Evelyn Smith) Goffin, # 1, Sherwood St., Lower Hutt, New Zealand

Mr. & Mrs. Wally Cheasebro (Margaret Phillips) 246 Road 2900, Aztec, New Mexico 87410 Second hand I've run into another former Schutzite. Friends of ours were in D.C. at the Natural Rural Electric Coop Assoc., looking into the possibility of an assignment in Bangladesh. These friends are the people we stayed with in Cairo 2 years ago when we got to visit Egypt. Another couple, who was in Egypt when our friends were and whom we met in Cairo, happened to be in Wash. D.C. at the same time our friends were. They're also going to Bangladesh. This couple was in the NRECA International Programs Division talking to a man there who mentioned he had gone to Schutz. Between the couple and our friends, they remembered my maiden name and asked the man if he remembered me. He did and also remembered Jim and Barbara. His name is Paul Clark, and in the 1965 Kalam, he is pictured as an 8th grader. Paul and his older sister Susan attended Schutz and their Dad was with the American Consulate. Paul's business address is National Rural Electric Coop Assoc., International Program's Division, 1800 Massachusetts Ave. N.W., Washington, D.C. 20036. It's a small world where Schutzites are concerned! Thanks for your efforts to keep the Schutz newsletter coming out. I really enjoy getting it.

Ellen Theobald, 449 Uppingham Rd., Leicester, England LE5 6RA Thank you very much for sending me the Schutz Newsletter. I am enclosing a contribution towards cost of production and postage. Perhaps you will know already that my sister, Dr. Mary K. Smith, died of cancer in North Bend, Nebraska, on Dec. 20th. I had 3 weeks with her in Nov. at the end of which time I brought my invalid 95-year-old mother to England to live with my husband and me. My mother died in January. Alan and I have two children - a married daughter, Juliet, who lives in the Peak District near Manchester, and a son, Mark, who teaches in Nottingham. Julie will accompany me to North Bend when I go there after Easter to settle up business matters for my mother and sister. I wish I could stay on for the August Reunion. Next time perhaps!

Lavina Matson, 77 Hillside Avenue, Canterbury, Kent CT2 8HA England Thank you so much for sending me the Schutz School Newsletter. I think it was Dr. Mary Smith who saw my picture in one year, and thought I might like to see it. I was at Schutz from 1927-1931 and my name at that time was Rivington. My brother Robert was also

a pupil there, before we both came back to school in England. This is what comes of having a mother from Nebraska who went to the Sudan as a missionary and then married an English parson who was also in the Sudan as a missionary with the Church Missionary Society! After my mother passed I kept up correspondence with cousin Susannah Hutchison and Dr. Mary Smith. Ada Margaret came to see me when she was on her sabbatical year in 1966 and we are going to continue writing. After nursing for 15 years (mostly during the war) I married Raymond Matson nearly 30 years ago. He was working for a finance company, but his chief claim to "fame" is that he has been organist in the French Huguenot Church in the Crypt of the Cathedral for 55 years. If any passes this way we would be pleased to see them.

Nene Dorman, Village Lane, Orient, New York 11957 Please add Melissa Dorman Sabatino 18W 681 13th St., Lombard, ILL 60148 to your mailing list.

Bill & Carolyn Pollock, 45 Strong St., Rochester, N.Y. 14621 1983 has been a busy and happy year for us in spite of some discouragements from time to time. We've been blessed richly. The girls are developing varried interests typical of 10 and 8 year olds. Carolyn had her Bethel teacher training course as the center of her efforts for the year. Her other activities include continued involvment with our refugee family, babysitting, neighborhood Bible Club, planning field trips and getting parent drivers for the girls' classes, and she's just accepted an appointment to the church session. Bill's efforts were focused on getting more progress made on our new home. We now have a shell with the outside nearly finished, including 300 tons of earth on the roof. Under the dirt are 4' x 8' sheets of insullation which if stacked, would reach 60' high. Total glass coverage along the front is approximately 6' x 80', and 2000 bricks complete the facade. One of the set backs mentioned earlier is a few leaks in the roof which need good detection and patching before we can procede further inside. Bill's folks also started their super insullated house in May (on Ron and Bev's lot), and we spent a number of days over there on concrete pours, putting up trusses, etc. July brought most of the Pollock siblings and their families up for more work parties -- except Leah and Dave who were here Jan. - Apr., and now again for 2 months with their new son, Joshua. They are joining the support organization for Wycliffe Bible Translators in Jan. On the Kraft side, Bob arrived back from Egypt for "vacation" in time to help Mom run the household after breaking her leg. Shortly after, Dad had a heart attack which led to two open heart surgeries 5 days apart (a blood clot formed), and 6 bypasses. So we had lots of family visits in Buffalo General Hospital. We're grateful all seems to be going well now. Enclosed contribution and thanks again for a super newsletter. I was surprised in looking over the address list how many names I didn't know. A few changes and additions for you. Dave, Verlyn & Corrie Ammon, 4910 Sonata Dr. Colorado Springs, Col. 80918 Jim Mulcahy, 9781 Chidsey Rd., Dalton, N.Y. 14836 Ed & Dorothy Pollock, RFD # 7 13118 Jesse Smith Rd., Mt. Airy, MD 21771 Tom Pollock, P.O. Box 373, Downey, CA 90241, Ginny & Steve Towle, 2583 Turk Hill Rd., Victor, N.Y. 14564 Barney & Martha Eby, 10 Dexter Lane Sanderling Cottage, Jekyll Isld, GA. 31520 Gordon & Emy Kraft, 445 Rosedale Dr., Satellites Beach, Fla. 32937, Russell & Merry Kraft, R D # 1, Box 156, Averille Park, N.Y. 12018, Ken & Colleen Kraft, 233 Knightsmanor Ct., Richmond, VA 23227 Glenn is at a temporary address so won't send now. We were all so overwhelmed by everyone's outpouring of love after Dad's 2 surgeries. It really made us feel good that though friends are spread so far and wide, after so many years, when it really mattered, they called and wrote and prayer.

Debby Neely Dineen, 29 Exeter St., Providence, R.I. 02906 I am eager to reconnect with a few old Schutzites and would love to get the newsletter, if possible. Do you have addresses for Joyce Gordon, Alice or David Meloy or Elizabeth Grupp? After I moved to R.I. I went through a painful divorce. So I've been alone with my little girl (Vanessa 5). I teach in a private girls school here in Prov. but may look to relocate come Spring. It would be so nice to be in touch with some old friends. Mary Beth Smith lives at 3 Old Clave Rd., Congers, N.Y. 10920 Married with two children - Amy 6 and Jeff 3. Mom and Dad have a church in Yonkers. It's so nice of you to keep Schutzites together! I got the newsletter from Ruth Galloway who I visited in Seattle. She just married Reilly Moss, and works as a nurse in Seattle.

Betty Walker Hershey, 5026 Carriage Lane, Santa Rosa, CA 95401 While I was at Waverly, Ohio in Nov. I saw a copy of the Schutz School letter. I saw that you are planning a history of the school with pictures. I attended Schutz for a few years some years ago and have a snap shot of the school -- faculty and students at that time -- about 1932. I hesitate to send this or a copy of it to Wayne Halsema until I know if the project is near completion and it is too late to send a picture. Perhaps you know that Mrs. George Hutton, 331 Robin Lane, Waverly, O. 45690 was the first teacher to go out to organize Schutz School.

Grace Spacht, 2435 N.W. Northrop St., Portland, Oregon 97210 Every year has its ups and downs, but the down this year for me is the reason you haven't heard before. On Oct. 7th returning from the opera, I missed the top step in going to my bedroom upstairs, and fell down 13. Fortunately, Helen, who lives on the other half of the duplex, heard the thudding, rushed in, called the ambulance, and went with me to the hospital. I was able to go to Bozeman, Montana to spend Christmas with my niece, Kathryn Throssell where it was 44° below zero several days. I'm back in my apartment

going out again, gradually gaining strength. Priscilla Buchin was over to see me yesterday. She is planning a short trip to Tanta in April.

Bob and Dorothea Meloy, 6 Empress Road, Lahore 5, Pakistan 2/'84 The big trip to Texas for Sarah's wedding already seems like a long time ago. We had a wonderful time with our family all together for the first time in seven years. Our visits with Alice & Will were too brief, but we enjoyed a couple days in Okalahoma City with David, Sue and their 2 little girls. The latest family news is that Alice hopes to present us with a new grandchild in August. When Bob's cousin Wilbur (the other Bob Meloy) came we visited Sargodha and the Thal Dev. Project and then stopped in Faisalabad to see the Bible Correspondence School and Recording-Radio Ministry & girls' schools. Bob recently visited the other school and hostel in Sangla Hill where 200 Christian girls are housed while attending the nationalized former Mission middle school and the small Christian High School for 9 & 10th grades. He went there to help check on the accounts and was amazed that the cost of a daily newspaper used in the current events class made up nearly half of the expenses of the high school beyond staff salaries. Because the girls come mostly from such poor families, the \$5.50 monthly fees go entirely for food that consists of chapaties (flat bread), lentils and a few vegetables. Until a recent shipment of powdered milk from Church World Service arrived, the girls had no milk unless they were sick. We ask special prayer for the church which is once again divided. Pray that God will raise up God-fearing leaders to unite the church in one spirit. Pray also for wisdom as the P.C.(U.S.A.) representatives deal with the situation. Another special request is prayer for Rafique Unique, Bus. Manager of Nirali Kitaben, the publishing & distribution arm of the Assoc. for Basic Adult Educ. He is now in the U.S.A. for treatment to prevent or forestall diabetic-induced blindness.

Irene & Norman Kraft, 78 Main St., East Randolph, N.Y. 14730 1/25/84 Ken & Colleen Norm and I drove to be with Carolyn & Bill for Christmas. The only dark spot of the week-end was that Norm didn't feel too good. After a check-up it was found Norm has an aeorta aneurysm. It is something that will need to be taken care of -- surgery I'm sure. However, the doctor who did the by-pass wants Norm to wait a few more weeks until his chest is completely healed. It isn't 3 months since the 2nd surgery.

Ben Shawver, 408 N. 10th St., Monmouth, Ill. 61462 Mrs. W. S. Walters is now Mrs. Ben Shawver. Mrs. Walters and Dr. Ben Shawver were married Jan. 2, 1982. Ron Walters and his wife Janie have been teachers at Schutz School for nearly two decades. Ron is a son of Bernice and Wm. Walters (deceased, 1974). Other corrections -- Mae Bailey Acker, 1628 Clough St. Apt. 27, Bowling Green, O 43402, James Bruce Bailey 7902 Spring Valley Dr., Tampa, Fla 33615, Kenneth Bailey, The Near East School of Theology, P.O. Box 13-5780, Beirut, Lebanon, Mrs. Annette Bailey deceased, Mrs. Simon Vellenga deceased - a daughter D.D. Vellenga lives at 103 Lakeside Drive, New Concord, O 43762 The check enclosed herewith is sent for use in defraying the costs of the newsletter.

James R. Deemer, 824 Gladys Ave., Long Beach, CA 90804 From Inner City Ministries newsletter - Uncle Jim's Report - "The Extended Congregation: My"congregation" of nieces and nephews of the Trail now exceed 500. They are scattered across the US, aboard ship in both Atlantic and Pacific, and in several lands across the seas. What began for each as a warm, close spiritual fellowship around a Sierra campfire, is now a relationship of letters (thousand of letters!), of visits, reunions, and mutual prayer. A full dozen are ordained ministers or in Seminary. 17 have been involved in mission projects; others are in the Peace Corps. Their college majors cover the full range of academic pursuit. THE MOST IMPORTANT RESOURCE IS INFINITE -- THE GRACE AND LOVE OF GOD IN CHRIST HAS TRANSFORMING POWER 98 are married (several couples met on the Trail), and I have 73 grand-nieces and nephews (that I know about). The Uncle Jim Fund was started by this "congregation", and now supports a broader ministry. Community Activities: Recently, I returned to the Board of Hoffman House, a halfway house for women. Back in the later '60's, I was a part of the Council of Churches team that worked with Dorothy Hoffman to get it started. It's a pleasure to be back! Inner City Ministries is a vital part of the Emergency Services Network, which involves us with about a dozen Long Beach agencies.

Sally & Henry Millison, 517 Crisswell Rd., Butler, Pa. 16001 5/'84 I was able to tell Rachel Pierce something recently. She called to tell me Clara Skellie went to Boston to spend Easter with the Paul Jamisons and fell and broke her hip. She asked if I had his address. I happened to think of your newsletter and found the address.

Dave, Fran, Kari, Kami, Kristi, & Kalib Jordan, Box 11, Thung Chang, Nan, Thailand Dave is working on evangelism lessons and teaching in the evening. In Jan. the water project began. Water will be piped from a small mountain stream about 2½ miles away. Heidi Pfeiffer, a Peace Corps volunteer has done much of the planning & overseeing, and is living with us while the project is being completed. The last day of Feb. we left for Chiang Mai to take care of some medical appointments and to visit Kari & Kami. Kaleb's orthopedic doctor prescribed a brace for his foot which will necessitate one of us taking him back to Chiang Mai to have it fitted. The girls are doing well at school and we had an enjoyable week-end together. Seeing Fran become fluent in the Prai language and Dave teaching the people on a consistent basis are our current priorities.

Gary and Gale McKiddy, ARAMCO, Box 1076, Abqaiq, Saudi Arabia 5/4/84 We have just received our Schutz newsletter. We so appreciated the articles and the list of addresses. It is so easy to loose touch with friends when they span the globe. For your next mailing please include our current address and the addresses of the other former Schutz staff members listed below. Dave and Chris Cushman, Box 469 - ARAMCO Abqaiq, Saudi Arabia Joan Wolf, ARAMCO, Box 10814, Dhahran, Saudi Arabia

Jackie Underwood 95-14 Park Ave., Danbury, CT 06810 203-797-0463 5/14/84 At least I'm closer to PA now and I may make the reunion in a few years. I am now a Corporate Auditor with IBM working in White Plains, N.Y. I'm in Rochester now for Paul's graduation from Mayo Medical School. He will do a residency in internal medicine at Henry Ford Hospital in Detroit. Carla just completed her second year at Marquette U.

Mary Alice & Chuck Jordan, Change of address Rt. 7, Box 1115, Elizabethton, TN 37643 Phone 615-542-9258. In mid-January Chuck began to experience pain in his hip, leg, and even his foot, and it was diagnosed as sciatic nerve pinch. Operation March 7 and he came home from hospital March 13, and two days later a couple came to look at our house and decided right then they wanted to buy it. The location of our new house is in Lynn Valley, just an extension of the level the city is on -- and across the Watauga River from the airport. We again have a nice guest room and bath, so you come! Chuck has started a garden already. We just thank and praise God for His love and care, for Chuck's successful surgery, the good care he had in the hospital, the many folks who have helped with the move and settling, for the sale of the too-big property we had before, and for this nice new comfortable house.

Sally Millison, 517 Crisswell Rd., Butler, Pa. 16001 I was able to tell Rachel Pierce something recently. She called to tell me Clara Skellie went to Boston to spend Easter with the Paul Jamisons and fell and broke her hip. She asked if I had his address. I happened to think of your newsletter and found the address there. From Christmas letter - Henry writes, in spite of 2 months of vacation in our little trailer in Florida, I preached 50 times, had a 1/2 doz. funerals, several weddings & not a few meetings. These are basically connected with my two jobs--supply pastor at Calvary U.P. and Minister of Visitation at St. Andrews. We indicated in last year's letter that in '84 we might be living in Lakeland, Fla. Word from the Pension Board says that it probably won't be '84. Anyhow we are not ready to leave our valley and, last Sunday Sally was ordained an Elder in St. Andrews Church, Butler.

Len Millison, Box 126 Bakerstown, Pa. 15007 I hate to admit it, but all is about the same with me--that is, happy, sassy, full-figured, loud, and pleased to be pastoring. But, when one considers the other options--I'll take these. How dull "thin" and "quiet" sound! Twice postponed study leave to the Middle East (Egypt & Israel) occurred Jan. 29-Feb. 16.

From an earlier letter Mary Alice & Chuck Jordan -- 12/'83 In early March Mary Alice flew to Rochester, MN, to help Jean when her #6 child was born--her fourth boy, Paul Jesse Byer. Jack's address Rt. 4, Box 395 P, Elizabethton, TN 37643 Jack continues at Moody Aviation School here, he enjoys his work and the men he works with.

Eloise & Bill Philips 2516 26th St. Road, Greeley, CO 80631 We have retired from active pastorate in LaSalle Presbyterian Church in Colorado and are now in our new home. Bill begins work as visitation pastor in the Evangelical Covenant and First Baptist churches in Greeley. They would love to see anyone coming Colorado way. Phone 303-330-4217 Jim & Vicky Philips plan to be home for Christmas along with their children, Teresa, Rachel and Bethany Joanne There are in Rock Springs, Wyoming, where Jim works with Olman Health, heading up their service department in a wide area. Barbara & Don Caywood, with Scott and Brad are in Sterling, KS where Don is Superintendent of the Sterling Power Plant & Barbara keeps up with her baby-sitting, as well as both of them being "parents" to some of the students at Sterling College, who feel away from home--especially the Missionary Kids who are separated from their parents. Margaret & Wally Cheasebro are in Aztec, New Mexico Wally teaching 6th grade & Margaret reporter on the Farmington News.

Wally & Margaret (Philips) Cheasebro 246 Road 2900, Aztec, NM 87410 We have an address change. We aren't moving; the county is installing a new and better address system to help emergency vehicles more easily find county locations. We still live on our 12 acres of land 2 miles north of the Aztec Ruins National Monument. I enjoyed attending the Southwest Christian Writers Conference in Mount Hermon, CA in early April where a publishing company expressed interest in my proposal for a book of puppet shows. I got news shortly after sending you our Christmas letter. Broadman Press, a Southern Baptist publisher in Nashville, Tenn., is going to publish my book of puppet plays. Tentatively called Puppet Scripts by the Month it's slated to come off the press in March 1985. It was exciting signing my first book contract. I'm enclosing a contribution to help with the Schutz newsletter, which I really enjoy receiving.

Harold, Lou Ann (Furvis), David and Jenny Dillman Rt. 6 Box 478-A, Corydon, IN 47112 Christmas greetings and it's time we get together again -- how about my house?

Mary C. Thompson, 80 LaSalle St. Apt. 20C, New York, N.Y. 10027 The year '83 didn't bring me any great occasion, such as a trip to China, but a multitude of small pleasures. Fourteen out-of-town trips, and visits to my home, of one to ten days duration, from seventeen different friends, along with numerous get-togethers here in the city with friends of many different nationalities, helped me to keep in touch with that which is most precious - friends and family. Continuing part-time work in recruitment for overseas mission, service on various committees, and the usual museum, music, and theatre events of this great city. I wish the news of all the world could have been as good. Thanks for all you do to get out Egypt news.

Glenn, Gail & George Reed, R.D. 1, Zionsville, Pa. 18092 We simply loved having your newsletter. It was like Christmas to hear of so many dear friends and their "whereabout". The grand feeling of love, fellowship and good will engendered by your kindness warms our hearts. Isn't it wonderful to have so many say -- "come see us". I extend that invitation too.

Gertrude Whitted, 302 W. Washington, Fairfield, Iowa 52556 Almost saw you this last August! Was really thinking of going to the reunion then July 7th I stumbled and broke a shoulder bone! How revolting. Still if I had been able to find a driving companion would have tried it. I'm fine now.

Michael, Mary Lou (Hoffmeier), Trisha & Keven Joline, 33 Karen Ct., Letitz, Pa 17543 Thanks for the Schutz letter with all the addresses in it. It's always interesting to hear the news. Michael's produce business is doing well. They now have 3 employees. Frisha will be 5 in Feb. and is going to a Christian nursery school 2 mornings a week. Kevin just turned 2 and he keeps me more than busy 24 hours a day.

Herb, Sharon (Hoffmeier), Mark, Lisa, Joel & Tami Garber R.D. 1 Box 321, Elizabethtown, Pa. 17022 We're glad to hear the latest Schutz News. Doy's new address is Dr. & Mrs. Benjamin Wilks (Doy Sands), 314 Academy Dr., Valdosta, GA 31601 Mark is in 3rd grade, Lisa in 2nd, Joel in Kdg. & Tami starts next year. I'm room mother for Kdg. & 2nd grade and head roommother for the school. So, I sometimes feel I live down there. Herb keeps busy on the farm. Over the winter months he is working in the house at times adding closets to some of the rooms, which involved taking down an old chimney. Again, I'd like to see some '84 graduates at the '84 reunion. We plan to be there.

Alex and Alma Wilson Box 406, Harrisville, Pa. 16038 412-735-4601 We are back in a pastorate again, doing what Alex loves best. We are at the Harmony United Presby Church in Harrisville. We were delighted to be invited back to Western N.Y. for the ten-church PUMA missionary conference which Alex helped to get started. We are now much closer to four of our grandchildren. George and Dianna are at the Covenant U.P. Church in Wellsville, Ohio, and that is less than 2 hours away. Minnesota is still a long way off--Paul and Ellen and the other 2 grandchildren are near St. Paul -- teaching economics at Bethel Collegg. Our Canadian family, Don and Peg, are still in Calgary, Peg doing physical therapy, and Don seeking to end the oil shortage. We love our manse and it is big enough to accommodate visitors with ease.

Corky & Mary Kay (Creswell) Trotter, 1900 Borham, Dodge City, KS 67801 If time going by faster means one is getting older, then I'm getting that way! Have had a busy year and a good one. God is so good! He supplies the big and little things daily and I continue to seem surprised! (Says alot for my faith?!) The kids are enjoying school. Shannon, 10 and 5 ft. tall, is in 4th grade & becoming quite a pianist. Courtney is 7 and 2nd grade. She's still sporting her white, blond hair. Both girls are into gymnastics and horsebackriding - we have 2 quarter horses (goes with the territory!) Seth got to start kindergarten this year. He's reading already and loves School. Got to K.C. and Iowa this summer. Spent an evening with Ann and Chuck Haspels. Ran into Pam Parr Marker in a store in Hutchison when I was there for a meeting. Also saw and heard Gwen Haspels here in Dodge. John spoke in another town a week ago, but we were unable to attend. Corky keeps busy with the practice & does alot of speaking to various groups on anything from childbirth to Haiti. I'm busy teaching S.S., being a room mother, doing areobics and weights and just keeping up with my family.

Andy & Peg Creswell "The Bield", South Star Route, Lyons, Colorado 80540 Greetings from Arizona where Andy serves as representative for SIM in the sothwest.

Lumie Capistrano, 201 E. 19th St. Apt. 15-G, New York, N.Y. 10003 Thank you for including me on your mailing list even if I'm not a bona fide Schutz person. I enjoy reading the newsletter. Mary Thompson, my seat mate at church handed in my name to the Nominating Committee and got me elected to the board of deacons. I also joined the volunteer chorus.

Fran Williams, 10 Joy Lane, Whitstable, Kent CT5 4Ls, England Thanks for the school newsletter, which really I should have replied to a long time ago, but I figured that I would wait until I had had my vacation in Alexandria first. I went back to Egypt, arriving in Schutz real early in the morning Sept. 18. Driving through Alex it was weird. I remembered all my Arabic and was able to tell the cab driver

afternoon was spent with Zacharia and Georgina Matta, formerly of the American Hospital in Tanta. In Aug. we had a week at Crown Island, Canada, enlivened again by Norman & Irene Kraft and members of their family. In Oct. we visited Frank & Ben in Ohio; Marilyn & Randy in Kansas City; Ginny & John & girls in Texas. En route we renewed our friendship with JIM & RACHEL Pollock, EARL & RUTH Kroth, John & Caroline Collins, Harvey & LORRaine PETERS, Sam & DOROTHY Leonard, Don and Ina May Fakhoury. (Sorry, my typewriter is acting up!! js)

Edna, Tommy, John, Peter, Sara Morrison P. O. Box 53, Due WEST, South Carolina 29639 The biggest changes this year have come to Peter and to Sara. Peter is still in Washington, D.C. He has settled into a job which he really enjoys with the Library of CONGRESS. Peter will get home on 12/22, the 27th anniversary of his original arrival that snowy night in Frutigen. The second librarian in the family is SARA. She has now embarked on her first job, first experience of apartment living. She is beautifully situated near ASheville, N.C. and is glad to be living in the mountains again. She works in the library of Montreat-ANDERSON College, located at the Montreat conference center. FOR Tommy, John and me, life has continued in much the same pattern as in the past. Tommy continues with DHL Corp. in Atlanta. John is still slaving away in Nashville. This is his third year of a six-year residency program. I still enjoy my part time job with Dr. Young in Abbeville, and stay busy with church and home and friends. Many thanks to those of you who visited us this past year. The latchstring is always out! And we really aren't SO far off the beaten path! AHlan wusahlan! I was sorry to miss the '83 reunion, but have hopes for '84. ENclosed donation to help with the letter.

Anne & Willis McGill R.D. 3, Volant, Pa. 16156 Our oldest Son Bill & wife Robin and their daughters, Peggy, Leslie, & Erin are getting along extremely well we're grateful to say. Those girls are all going to turn out to be exceptional athletic achievers, especially in swimming. Our next in line, Gib, continues to work as sales representative for a nearby manufacturing company & to spend some 20 hours each week operating the electronic accessioning machine in the college library. His two - Beth & Jon - are growing apace, with Jon trying to improve his already creditable school record to the "Straight-A" level. And our youngest Kim, with his wife, Kathy and 6-year old twins, Ginger & Craig, were home for all-too-short a time this past summer. Then it was back once more to Baghdad to fulfill the 3rd year of service there which they had been persuaded to accept. Anne continues to follow the prescribed treatment of her very competent eye specialist. And even though her vision is still very limited, he appears pleased with the effects of medication & reassuring as to future vision improvement.

Jack & Mary Lou Lorimer, 3 Mahalla St., Heliopolis, Egypt As we have passed the 2nd anniversary of the assassination of President Sadat, there is a sense, it seems to us, if not of progress, at least of a measure of stability. President Hasny Mubarak, with an entirely different style, has quietly taken command. A continuing source of amazement and gratification is the vital life of the Evangelical (Presbyterian) Church of this country. Those of us in theological education are made aware of new needs and trends in the church as students express themselves, revealing a new range of perspectives that weren't there a few years ago. We face the unhappy task of turning away several students every year because of inadequate dormitory space. As for family news: Mary Lou and Jack are about where they were last year with the life of the Seminary commanding time and attention pretty well around the clock. Kathy has returned to the village project at Abwan in upper Egypt concentrating her efforts in preventive medicine among women and children. Susan and Monte pursue an active life in Sacramento, now aiming for graduate studies in counseling (Sue) and computer science (Mont.). Sue keeps bread on the table as a nurse at Sierra College.

Robb & Megs McLaughlin c/o ACROSS P.O. Box 44838, Nairobi, Kenya 11/83 A couple weeks ago Robb was asked to accompany a party for the repair of a wind-mill pump at Boma, where the Haspels had been held hostage. It proved an opportunity to contact the Christians there following the evacuation of the Presbytery-appointed Evangelist over a month ago. The army, which rescued the Haspels, is still occupying their house, as well as other points, and maintaining peace. We were their guests. The people are anxious for a resumption of the former ministry. It was good to talk to them. With rebels still in the area, together with the loss of virtually all household furnishings and considerable supplies, much prayerful consideration will have to precede a return there. We are looking forward to our furlough which starts in Feb. '84. It is a short one again, 3 months - Feb. in Florida, March with our home Presbytery in Penna., and April with the family.

George & Mary Lou Meloy, Box 1000, Alexandria, Egypt Ann has a new address - 8034 Triola, Houston, 77036 Paul working with Western Geophysical and Ann with NASA. All is going well at Schutz. Student population is growing slowly. We're negotiating for another property into which our lower school can expand. We are also dickering with a company to open a one-room-schoolhouse in Port Said giving Schutz the fame of having one of the larger school districts in the world. We say that with our school-to-school relationship with Northfield Mount Hermon School in Mass. we have an average campus size of 3001 acres. We don't go on to say that N.M.H. has 6000 of the acres! Statistics are great for conversation! See you at the reunion.

exactly where to go, in Arabic directions. My boyfriend was impressed. Schutz hasn't really changed at all. Dave Seal's Jr. High unit was new and impressive, the new stage and lighting for the Auditorium was great, but apart from that nothing had changed. George and Mary Lou Meloy were fine and very well, as were Ron and Janie Walter. I didn't recognize the Walters children, they had really grown. I think one of the nicest things was all the Egyptian staff (Abdou, Abdou Samir, etc.) all remembered me after 4 years. The highlight of our vacation was seeing Judy & Wayne Halsema, with their young daughter Petra. Judy and Wayne were lovely to Mark (my boyfriend/fiance) and I, as they went out of their way to take us to different places, because Mark hadn't been to Egypt before. My mother and father were both fine. I came back to England very tearful at having left home. It was just like going home, going back to Egypt. I am presently doing my nurse training and have another 9 months to go. Once I came back from Egypt, Mark and I got engaged. Mark bought me a lovely ring, diamonds and sapphires set in white gold, with a yellow gold band. We haven't set any date yet, but I'll let you know when we do.

Clara Skellie 180-1 Robert Gardens North, Weeks Road, Glens Falls, N.Y. 12801 11/'83
My good friends Dr. Paul & Martha Jamison have now moved to Boston, Mass. Needless to say I miss them very much! March '83 I went to Atlanta, Ga. and Due West S. Caro. to visit cousins and friends. I keep quite well, but this past summer my old trouble returned. After some treatment & a biopsy here, I was sent to a very fine gynecologist in Burlington. He is treating me with medication which works slowly. I go to Burlington every 6 weeks since Aug. for check-up. There hasn't been much change but he seemed pleased this last time. Fortunately for me my niece and her husband retired this past summer, so now are free to take me to Burlington for my appointments. The good Lord opens a way when needed! Best wishes to all of you.

Ken & Rosella Nolin, R.D. 1, Box 112, Fredericktown, Pa. 15333 Susannah McKeown Hutchison died August 2, 1983 and Bethany Susannah Shopland was born November 1, 1983. Life goes on, and in the Lord it is good. Surely the trauma of birth is the same in either case--to a new and glorious world, far more wonderful than we could ever have imagined before, whether in the womb (for Bethany Susannah), or in a time of increasing weakness and withdrawal (for Mom, the first Susannah). How can we begrudge either of them the adventure of a whole new life ahead? Then a word more about our family. Rachel will be moving nearer. Greg has been transferred by his company (Intel, a computer parts company) from Phoenix, Arizona, to North Carolina. Sharon and Doug are still around--she with her ever-expanding art business, and he, finishing Duquesne Law School in May, and looking for work somewhere as a brand new lawyer. Susan is finishing the thesis for her Masters Degree in Clinical Psychology at Indiana Univ. (PA), with whatever energy she has left over from caring for little Bethany. Mark is settled in as a highschool teacher of Physics and Chemistry in nearby Homer City. Otherwise, Rosella and I run on in the same old ruts. We're happy in them, and challenged, but beginning to wonder how long we can--or even should--keep up the pace!

Excerpt from Herald-Standard Newspaper -- Hoping to begin using poetry therapy in their care of the terminally ill, Albert Gallatin Human Services Agency Hospice Program recently sponsored a workshop on poetry therapy, conducted by Susan Nolin Shopland of Indiana County Guidance Center, for their hospice volunteers. Daughter of hospice coordinator Rosella Nolin, Shopland has been conducting similar workshops throughout western Penna. Shopland began her education with a degree from Bethany College in psychology & English. ("It seemed to me that literature had a lot to say about understanding people.") After a three-year stint in the Peace Corps with her husband, Shopland undertook graduate studies at Indiana Univ. under a professor who had written a book on the subject. Today, she is one of a limited number of poetry therapists around the country. In fact, to many people the subject is yet unknown.

I wish I were able to share some of the beautiful calligraphy done by Sharon - JS

Safwat & Pearl Habashi, 714 Victory Rd., Allison Park, Pa. 15101 Thanks again for Schutz letter. Safwat's on way back from Egypt, India & Japan.

Willard & Pat Acheson, 806 Heberton St., Pgh., 15206 We were going to Houston, then decided not to, and have had a terrifically crowded schedule thru it all.

Milt and Mary Sage, 428 S. Atlantic, Pgh. 15224 - change of address SHALOM!

Sara Baker, Rt. 1 Box 481, New Wilmington, Pa. 16142 12/'83 The Jamisons are coming this weekend for a memorial service for Martha's father who died last week at the age of 99. They are staying with Brad & Martha.

Bradley & Martha Watkins, Orchard Terrace Drive, New Wilmington, Pa. 16142 12/'83 Martha had cataract surgery on both eyes, Jan. 8 and 15 (her 3rd operation on each eye). The first few months were difficult, but now she reads, knits, drives the car, and carries on as usual. Our house was full for 3 weeks in July, when Ginny was here with Christy and Melissa. Marilyn and Randy joined us for 5 days, and Frank & Ben for a week-end. Charles, Betsy, Brad and Meg came from Pgh. for a day. It is the first time in 4 years that we have been together with all four children. In June we spent 2 weeks in England. Grace & Harry Smith, whom we first knew in Asyut in 1950, welcomed us in their lovely home near Canterbury. A pleasant
